JESSIE CHAN

London, UK | chan.jicheng@gmail.com | +44 (0) 7751 544 790 | linkedin.com/in/ji-cheng-chan

Problem solver in regulated crypto and fintech, working across 26 markets with Compliance, Legal, Data and Product. I monitor performance daily, investigate what does not add up, and automate manual work with SQL, Python and AI tools like Claude Code. I adapt quickly to changing regulation, from UK FinProm to MiCAR, and bring a data-science research background.

EXPERIENCE

Graduate Growth Marketing Manager **May 2026 – Present**

Blockchain.com, London, United Kingdom | Retail, Wealth and Institutional

- Cut reporting time by ~10 hours a month by replacing manual reporting with automation built in Claude Code, MCP connectors and APIs, shipped to production as a company-wide dashboard with Data Engineering and Security
- Sourced 3 major high net worth clients by spotting that a major exchange was losing access to European clients under MiCAR, and building an outreach list of 80 crypto publishers with AI
- Converted 4 high net worth clients onto the crypto loans product in Malaysia within 1 month of launch by researching local crypto regulation and setting up a new compliance review process with Legal
- Cut UK CPI by 21.5% while installs rose 30.2% by monitoring daily spend and performance across 121 live campaigns in 26 markets, investigating anomalies and reallocating ~$21k away from 26 underperforming campaigns
- Increased user retention by 12% and grew cumulative perps trading volume from $100m to $500m (5x) in two months by root-causing churn through research with active, inactive and churned users, then working with Product to rework the in-app explainer and help page
- Supported the rollout of the UK FinProm approval process with Compliance, reviewing regulated messaging and risk disclosures across all retail crypto products in UK, US and EU markets
- Increased email open rate by 10% by building API tools that localise Iterable (CRM) communications into 24 languages
- Built the company's first in-house AI UGC workflow in 2 weeks, cutting production time by 75%, lifting CTR from 0.4% to 1.15% (+188%), cutting CPI from $25 to $6 (−76%) and driving 600+ installs in the first 7 days after I recreated the creative for our rebranded yield product, then built a prompt-generation skill and handed it over to the team

Performance Marketer **Feb 2025 – Apr 2026**

Malaberg, London, United Kingdom

- Cut daily report preparation from 30 min to near-instant by building a company-wide automated reporting pipeline on lead conversion
- Increased daily conversions from 10 to 50+ (5x) and funnel progression by 5% by troubleshooting drop-off points through funnel analysis in Power BI, Excel and Microsoft Clarity
- Drove 120% ROAS on £50k+ monthly paid budget, monitoring spend daily
- Led weekly content reviews with Compliance to clear regulated consumer-finance messaging across all channels

EDUCATION

MRes Experimental Psychology with Data Science, University of Manchester **2023 – 2024**

First Class Honours. Experimental design, causal inference and statistical analysis in R. Research project graded 86/100, highest in the cohort.

BSc (Hons) Psychology, University of Exeter **2020 – 2023**
