JESSIE CHAN

London, UK | chan.jicheng@gmail.com | +44 (0) 7751 544 790 | linkedin.com/in/ji-cheng-chan

Problem solver in regulated fintech and crypto, working across 26 markets with Product, Engineering and Compliance. I find the root cause, fix it, and automate what should not be done by hand, using SQL, Python and AI tools like Claude Code. I bring a data-science research background.

EXPERIENCE

Graduate Growth Marketing Manager **May 2026 – Present**

Blockchain.com, London, United Kingdom | Retail, Wealth and Institutional

- Increased user retention by 12% by root-causing churn on our perps product through research with active, inactive and churned users, then working with Product to make the in-app explainer persistent and rework the help page
- Cut reporting time by ~10 hours a month by replacing manual reporting with automation built in Claude Code and MCP connectors, shipped as a company-wide dashboard with Data Engineering and Security
- Increased email open rate by 10% by automating localisation of Iterable (CRM) communications into 24 languages with built-in APIs
- Converted 4 high net worth clients onto the loans product in Malaysia within 1 month of launch by building the go-to-market for a new market from scratch, including a compliance review process with Legal
- Cut production time by 75% and lifted CTR from 0.4% to 1.15% (+188%) by replacing reliance on external creators with the company's first in-house AI UGC workflow
- Cut UK CPI by 21.5% while installs rose 30.2% by running 128 structured tests across 26 markets, finding 26 underperforming campaigns and reallocating ~$21k of budget
- Sourced 3 major high net worth clients by spotting that a major exchange was losing access to European clients under MiCA, and building an outreach list of 80 crypto publishers with AI
- Reviewed regulated messaging across all retail products with Compliance in UK, US and EU markets, and supported the rollout of the UK FinProm approval process
- Generated 20+ active leads for Institutional business development by building a 100-operator prospect database
- Grew daily installs from 187 to 562 (~3x) at a flat ~$1.50 CPI by expanding paid search from 2 to 26 markets (13x) with country-level bid and creative strategy

Performance Marketer **Feb 2025 – Apr 2026**

Malaberg, London, United Kingdom

- Cut daily report preparation from 30 min to near-instant by building a company-wide automated reporting pipeline on lead conversion
- Increased daily conversions from 10 to 50+ (5x) and funnel progression by 5% by finding drop-off points through funnel analysis in Power BI, Excel and Microsoft Clarity and rebuilding the pages
- Drove 120% ROAS on £50k+ monthly paid budget
- Led weekly content reviews with Compliance to clear regulated consumer-finance messaging across all channels

EDUCATION

MRes Experimental Psychology with Data Science, University of Manchester **2023 – 2024**

First Class Honours. Experimental design, causal inference and statistical analysis in R. Research project graded 86/100, highest in the cohort.

BSc (Hons) Psychology, University of Exeter **2020 – 2023**
