JESSIE CHAN

London, UK | chan.jicheng@gmail.com | +44 (0) 7751 544 790 | linkedin.com/in/ji-cheng-chan

Fintech/digital asset marketer working across demand generation and product marketing for retail, wealth and institutional products in 26 markets. I solve marketing problems with AI, from creative production and reporting to localisation and new client channels. I work closely with Sales, Product and Compliance, and bring a data-science research background.

EXPERIENCE

Institutional and Retail Growth Marketing Intern **May 2026 – Present**

Blockchain.com, London, United Kingdom | Retail, Wealth and Institutional

- Sourced 3 major high net worth clients by spotting that a major exchange was losing access to European clients under new EU digital asset regulation (MiCAR), and building an 80-publisher contact list with AI
- Generated 20+ active leads for Institutional business development by building a 100-operator prospect database, partnering with B2B Product Marketing on Institutional and Wealth projects
- Converted 4 high net worth clients onto the loans product in Malaysia within 1 month of launch by running go-to-market across paid media, affiliate and referral channels and establishing a compliance review process for the new market
- Grew cumulative perpetual futures trading volume from $100m to $500m (5x) in two months and increased user retention by 12% by introducing a product explainer after voice-of-customer research showed churned users did not understand the product
- Increased CTR from 0.4% to 1.15% (+188%) and reduced CPI from $25 to $6 (−76%) by building an AI video (UGC) production workflow to replace exhausted creator content, delivering 100+ video assets and cutting production time by 75%
- Drove 600+ installs in the first week of the yield product relaunch by recreating outdated creator assets with AI video after the rebrand
- Increased email open rate by 10% by automating localisation of CRM communications into 24 languages with built-in CRM APIs
- Eliminated 30 min/day of manual reporting by automating paid media reporting with Claude Code, Cursor and MCP connectors, and partnered with Data Engineering and Security to publish it as an internal dashboard
- Grew daily installs from 187 to 562 (~3x) at a flat ~$1.50 CPI by expanding paid search from 2 to 26 markets (13x) with country-level bid and creative strategy

Performance Marketer **Feb 2025 – Apr 2026**

Malaberg, London, United Kingdom

- Cut daily report preparation from 30 min to near-instant by building a company-wide automated reporting pipeline on lead conversion
- Increased daily conversions from 10 to 50+ (5x) and funnel progression by 5% by rebuilding landing and promotional pages in Figma and Photoshop, informed by funnel analysis in Power BI, Excel and Microsoft Clarity
- Sustained 120% ROAS while managing £50k+ monthly paid budget

EDUCATION

MRes Experimental Psychology with Data Science, University of Manchester **2023 – 2024**
