Performance marketer specialising in paid social and paid app acquisition for fintech, across 9 channels and 26 markets. I run campaigns hands-on, from creative strategy and landing pages to experiments and reporting, and I solve marketing problems with AI. I work across Product, Engineering, Data and Compliance, and bring a data-science research background.

EXPERIENCE

Institutional and Retail Growth Marketing Intern **May 2026 – Present**

Blockchain.com, London, United Kingdom | Retail, Wealth and Institutional

- Increased CTR from 0.4% to 1.15% (+188%) and reduced paid social CPI from $25 to $6 (−76%) by building an AI UGC production workflow, delivering 100+ video assets across TikTok and Google Ads and cutting production time by 75%
- Grew daily installs from 187 to 562 (~3x) at a flat ~$1.50 CPI by expanding paid search from 2 to 26 markets (13x) with country-level bid and creative strategy
- Cut UK CPI by 21.5% while installs rose 30.2% by running 128 structured experiments across 26 markets, reallocating ~$21k from 26 underperforming campaigns to 5 scalable campaign groups
- Grew cumulative perps trading volume from $100m to $500m (5x) in two months and increased user retention by 12% by leading voice-of-customer research with churned users and making the product explainer persistent
- Drove 600+ installs in the first 7 days of the yield product relaunch by recreating outdated creator assets with AI video after the rebrand
- Converted 4 high net worth clients onto the loans product in Malaysia within 1 month of launch by leading go-to-market across paid media, influencer, affiliate and referral channels
- Increased email open rate by 10% by localising CRM communications into 24 languages with built-in CRM APIs
- Saved the team ~10 hours a month by automating daily paid media reporting with Claude Code and MCP connectors, and led its launch as a company-wide Streamlit dashboard with Data Engineering and Security

Performance Marketer **Feb 2025 – Apr 2026**

Malaberg, London, United Kingdom

- Increased daily conversions from 10 to 50+ (5x) and funnel progression by 5% by rebuilding landing and promotional pages in Figma and Photoshop, informed by funnel analysis in Power BI, Excel and Microsoft Clarity
- Sustained 120% ROAS while managing £50k+ monthly paid budget
- Cut daily report preparation from 30 min to near-instant by building a company-wide automated reporting pipeline on lead conversion
