Growth marketer in fintech and digital assets who finds out why customers stall and builds what moves them forward, across retail, wealth and institutional products in 26 markets. I analyse customer behaviour by cohort and funnel stage, run experiments, and turn root causes into tools and processes other teams adopt, working across Product, Data, Sales and Legal. I use AI to solve marketing problems, whether improving current workflows or opening new acquisition funnels.

EXPERIENCE

Graduate Growth Marketing Manager **May 2026 – Present**

Blockchain.com, London, United Kingdom | Retail, Wealth and Institutional

- Increased user retention by 12% and grew cumulative perps trading volume from $100m to $500m (5x) in two months by finding the root cause of disengagement through research with active, inactive and churned user cohorts, then working with Product to rework the in-app explainer and help page
- Built the company's first in-house AI UGC workflow in 2 weeks, cutting production time by 75%, lifting CTR from 0.4% to 1.15% (+188%), cutting CPI from $25 to $6 (−76%) and driving 600+ installs in the first 7 days after I recreated the creative for our rebranded yield product, then built a prompt-generation skill and handed it over to the team
- Cut reporting time by ~10 hours a month by building automated performance reporting with Claude Code and MCP connectors, then aligning Data Engineering and Security to ship it as a company-wide dashboard other teams rely on
- Cut UK CPI by 21.5% while installs rose 30.2% by running an experimentation pipeline of 128 structured tests across 26 markets, prioritising and scaling the 5 winning campaign groups
- Converted 4 high net worth clients onto the loans product in Malaysia within 1 month of launch by leading a new-market launch with no precedent on my own initiative, aligning Legal on a new compliance review process
- Increased email open rate by 10% by building API tools that localise Iterable (CRM) lifecycle communications into 24 languages
- Generated 20+ active leads for Institutional business development by building a 100-operator prospect database with the Senior B2B Product Marketing Manager
- Grew daily installs from 200+ to 800+ (~4x) at a flat ~$1.50 CPI by expanding Apple Search Ads from 2 to 26 markets

Performance Marketer **Feb 2025 – Apr 2026**

Malaberg, London, United Kingdom

- Increased daily conversions from 10 to 50+ (5x) and funnel progression by 5% by finding where customers stalled through funnel analysis in Power BI, Excel and Microsoft Clarity and rebuilding the customer journey
- Cut daily report preparation from 30 min to near-instant by building a company-wide automated reporting pipeline on lead conversion
