JESSIE CHAN

London, UK | chan.jicheng@gmail.com | +44 (0) 7751 544 790 | linkedin.com/in/ji-cheng-chan

Growth marketer in fintech and digital assets who builds production tools with AI. Using Claude Code, Cursor and MCP connectors, I build API integrations, internal bots and automated reporting. I also run customer research and deliver the findings to Product to improve user experience.

EXPERIENCE

Graduate Growth Marketing Manager **May 2026 – Present**

Blockchain.com, London, United Kingdom | Retail, Wealth and Institutional

- Cut reporting time by ~10 hours a month by building automated reporting with Claude Code, MCP connectors and API integrations, evaluating 4 implementation approaches and deploying it to production through the engineering pipeline with Data Engineering and Security
- Increased email open rate by 10% by building API tools that localise Iterable (CRM) communications into 24 languages
- Built the company's first in-house AI UGC workflow in 2 weeks, cutting production time by 75%, lifting CTR from 0.4% to 1.15% (+188%), cutting CPI from $25 to $6 (−76%) and driving 600+ installs in the first 7 days after I recreated the creative for our rebranded yield product, then built a prompt-generation skill and handed it over to the team
- Delivered 100+ production-ready AI video assets by spending 2 weeks on prompt engineering to fix recurring output failures and taking proposed assets through Legal review before release
- Removed repeat manual work across the team by building internal bots and MCP and API integrations, deployed on fly.io
- Increased user retention by 12% by root-causing churn on the perps product through research with active, inactive and churned users, then turning the findings into requirements with Product for a persistent explainer and a reworked help page
- Cut UK CPI by 21.5% while installs rose 30.2% by designing 128 structured tests across 26 markets and scaling the 5 campaign groups that held up
- Sourced 3 major high net worth clients by researching how a major exchange was losing access to European clients under MiCA, and building an outreach list of 80 publishers with AI
- Converted 4 high net worth clients onto the loans product in Malaysia within 1 month of launch by researching local regulation and setting up a new compliance review process with Legal

Performance Marketer **Feb 2025 – Apr 2026**

Malaberg, London, United Kingdom

- Increased daily conversions from 10 to 50+ (5x) and funnel progression by 5% by troubleshooting drop-off points with Power BI, Excel and Microsoft Clarity and rebuilding the journey
- Cut daily report preparation from 30 min to near-instant by building a company-wide automated reporting pipeline on lead conversion

EDUCATION

MRes Experimental Psychology with Data Science, University of Manchester **2023 – 2024**

First Class Honours. Experimental design, causal inference and statistical analysis in R. Research project graded 86/100, highest in the cohort.

BSc (Hons) Psychology, University of Exeter **2020 – 2023**

SKILLS

AI tools: Claude, Claude Code, Cursor, MCP connectors, prompt engineering, Claude skills, critical review and validation of AI output

Technical: REST APIs and API integrations, MCP, Streamlit, fly.io deployment, Microsoft Excel, Power BI, SQL, Python and R from research

Product & analysis: Customer research, requirements, root-cause analysis, hypothesis testing and experimental design, structured testing, documentation and handover

Languages: English, Mandarin, Cantonese (native), Malay (fluent)
