JESSIE CHAN

London, UK | chan.jicheng@gmail.com | +44 (0) 7751 544 790 | linkedin.com/in/ji-cheng-chan

Performance marketer at a consumer fintech app, running paid acquisition across Apple Search Ads, Meta, TikTok and Google in 26 markets, including Europe. I launch, test, cut and scale campaigns every day, and build agentic workflows with Claude Code and MCP connectors to track CAC and conversion by market. I use AI to solve marketing problems, whether improving current workflows or opening new acquisition funnels.

EXPERIENCE

Institutional and Retail Growth Marketing Intern **May 2026 – Present**

Blockchain.com, London, United Kingdom | Retail, Wealth and Institutional

- Grew daily installs from 200+ to 800+ (~4x) at a flat ~$1.50 CPI by expanding Apple Search Ads from 2 to 26 markets and from 9 to 121 campaigns (13x), with country-level bidding and campaign structure
- Grew the core US branded campaign from 178 to 373 installs a day (~2.1x) while scaling Apple Search Ads across new markets
- Cut UK CPI by 21.5% while installs rose 30.2% by launching 128 structured tests, scaling the 5 winning campaign groups and cutting 26 underperformers to reallocate ~$21k
- Built the company's first in-house AI UGC workflow in 2 weeks, cutting production time by 75%, lifting CTR from 0.4% to 1.15% (+188%), cutting CPI from $25 to $6 (−76%) and driving 600+ installs in the first 7 days after I recreated the creative for our rebranded yield product, then built a prompt-generation skill and handed it over to the team
- Cut reporting time by ~10 hours a month by building agentic reporting with Claude Code and MCP connectors (Windsor.ai) that tracks Apple Search Ads spend, installs and CPI by market, shipped as a company-wide dashboard
- Converted 4 high net worth clients onto the loans product in Malaysia within 1 month of launch by running a local launch end to end, from market research to KOL, affiliate and referral partnerships
- Increased user retention by 12% by researching why active, inactive and churned users dropped off our perps product, then working with Product to rework the in-app explainer and help page
- Increased email open rate by 10% by building API tools that localise Iterable (CRM) communications into 24 languages
- Set up ad accounts, conversion tracking and campaign structure across Google, Meta, TikTok, X and LinkedIn

Performance Marketer **Feb 2025 – Apr 2026**

Malaberg, London, United Kingdom

- Drove 120% ROAS on £50k+ monthly paid budget
- Increased daily conversions from 10 to 50+ (5x) and funnel progression by 5% by rebuilding landing pages from funnel analysis in Power BI, Excel and Microsoft Clarity

EDUCATION

MRes Experimental Psychology with Data Science, University of Manchester **2023 – 2024**

First Class Honours. Experimental design, causal inference and statistical analysis in R. Research project graded 86/100, highest in the cohort.

BSc (Hons) Psychology, University of Exeter **2020 – 2023**
