JESSIE CHAN

London, UK | chan.jicheng@gmail.com | +44 (0) 7751 544 790 | linkedin.com/in/ji-cheng-chan

Growth analyst and operator in regulated fintech and digital assets, working across 26 markets. I turn commercial questions into analysis, recommend what to do, and then make it happen myself, from opening new channels and markets to building the reporting behind them. Strong in Excel, SQL and Python, with a data-science research background.

EXPERIENCE

Institutional and Retail Growth Marketing Intern **May 2026 – Present**

Blockchain.com, London, United Kingdom | Retail, Wealth and Institutional

- Cut UK CPI by 21.5% while installs rose 30.2% by analysing 128 structured tests across 26 markets and reallocating ~$21k from 26 underperforming campaigns to 5 scalable campaign groups
- Grew daily installs from 187 to 562 (~3x) at a flat ~$1.50 paid search CPI by expanding paid search from 2 to 26 markets (13x) with country-level bid strategy
- Converted 4 high net worth clients onto the loans product in Malaysia within 1 month of launch by building the go-to-market for a new market, from channel assessment to KOL, affiliate and referral partnerships and a compliance review with Legal
- Sourced 3 major high net worth clients by spotting that a major exchange was losing access to European clients under new EU digital asset regulation (MiCAR), and turning it into an outreach channel of 80 publishers built with AI
- Increased user retention by 12% and grew cumulative perps trading volume from $100m to $500m (5x) in two months by investigating the drivers of churn with active, inactive and churned users and working with Product on the fix
- Built the company's first in-house AI UGC workflow in 2 weeks, cutting production time by 75%, lifting CTR from 0.4% to 1.15% (+188%), cutting paid social CPI from $25 to $6 (−76%) and driving 600+ installs in the first 7 days of the yield product relaunch
- Cut reporting time by ~10 hours a month by automating daily performance reporting with Claude Code and MCP connectors, shipped as a company-wide dashboard with Data Engineering and Security
- Generated 20+ active leads for Institutional business development by building a 100-operator prospect database
- Increased email open rate by 10% by localising Iterable (CRM) communications into 24 languages with built-in APIs

Performance Marketer **Feb 2025 – Apr 2026**

Malaberg, London, United Kingdom

- Drove 120% ROAS on £50k+ monthly paid budget
- Increased daily conversions from 10 to 50+ (5x) and funnel progression by 5% by finding drop-off points through funnel analysis in Excel, Power BI and Microsoft Clarity and rebuilding the pages
- Cut daily report preparation from 30 min to near-instant by building a company-wide automated reporting pipeline on lead conversion
- Led weekly content reviews with Compliance to clear regulated consumer-finance messaging across all channels

EDUCATION

MRes Experimental Psychology with Data Science, University of Manchester **2023 – 2024**

First Class Honours. Experimental design, causal inference and statistical analysis in R. Research project graded 86/100, highest in the cohort.

BSc (Hons) Psychology, University of Exeter **2020 – 2023**
