JESSIE CHAN

London, UK | chan.jicheng@gmail.com | +44 (0) 7751 544 790 | linkedin.com/in/ji-cheng-chan

AI builder in regulated fintech and digital assets. I find where a team loses time, build the fix myself with Claude Code, Cursor, MCPs and APIs, and ship it to production with Engineering and Security. I own most of the AI tools in my marketing team, and bring a data-science research background.

EXPERIENCE

Institutional and Retail Growth Marketing Intern **May 2026 – Present**

Blockchain.com, London, United Kingdom | Retail, Wealth and Institutional

- Built MCP connectors, API integrations and internal bots, including automated reporting shipped to production as a company-wide dashboard with Data Engineering and Security, saving the team ~10 hours a month
- Built API tools that localise Iterable (CRM) communications into 24 languages, increasing email open rate by 10%
- Built the company's first in-house AI UGC workflow in 2 weeks, cutting production time by 75%, lifting CTR from 0.4% to 1.15% (+188%), cutting CPI from $25 to $6 (−76%) and driving 600+ installs in the first 7 days of the yield product relaunch
- Built an 80-publisher outreach list with AI after spotting that a major exchange was losing access to European clients under new EU digital asset regulation (MiCAR), sourcing 3 major high net worth clients
- Increased user retention by 12% by mapping why users churned through research with active, inactive and churned users before proposing a fix, then working with Product to change the in-app explainer
- Converted 4 high net worth clients onto the loans product in Malaysia within 1 month of launch by building the go-to-market and a compliance review process for a new market from scratch
- Cut UK CPI by 21.5% while installs rose 30.2% by analysing 128 structured tests across 26 markets and reallocating budget away from 26 underperforming campaigns
- Generated 20+ active leads for Institutional business development by building a 100-operator prospect database, working with B2B Product Marketing
- Supported the rollout of the UK FinProm approval process with Compliance, reviewing regulated messaging across all retail products and 20 app-store storefronts in UK, US and EU markets
- Delivered 30+ creative briefs and 40 ads across 9 channels, and directed 50+ assets to 3 external partners across multiple markets
- Grew daily installs from 187 to 562 (~3x) at a flat ~$1.50 paid search CPI by expanding paid search from 2 to 26 markets (13x) with country-level bid and creative strategy

Performance Marketer **Feb 2025 – Apr 2026**

Malaberg, London, United Kingdom

- Cut daily report preparation from 30 min to near-instant by building a company-wide automated reporting pipeline on lead conversion
- Increased daily conversions from 10 to 50+ (5x) and funnel progression by 5% by rebuilding landing and promotional pages, informed by funnel analysis in Power BI, Excel and Microsoft Clarity
- Sustained 120% ROAS while managing £50k+ monthly paid budget
- Led weekly content reviews with Compliance to clear regulated consumer-finance messaging across all channels

EDUCATION

MRes Experimental Psychology with Data Science, University of Manchester **2023 – 2024**

First Class Honours. Experimental design, causal inference and statistical analysis in R. Research project graded 86/100, highest in the cohort.

BSc (Hons) Psychology, University of Exeter **2020 – 2023**

SKILLS

AI building: Claude Code, Cursor, MCP connectors, API integrations, internal bots and vibe-coded apps, prompt engineering

Data: SQL, Python, R, Power BI, Streamlit, Excel, Microsoft Clarity

Tools: Iterable, Windsor.ai, Apple Search Ads, Google Ads, Meta, TikTok

Languages: English, Mandarin, Cantonese (native), Malay (fluent)
